Group rules from the admins

Group members agree to follow these rules:

1 **Group Rules**
First, no applicant with a fictitious name will be admitted to the group. Second, we will begin checking profiles much closer prior to admission.
Also, too many annotated photos posted recently. A photo without a caption is completely worthless to the search engine in our group. A notation, even if it's just the driver's name, MUST BE USED. An annotated photo bumps another photo out of the archive so it costs us TWICE. Please adhere to this rule. I'll be deleting annotated photos.
